DETAILED ACTION

Response to Arguments

1. Applicant's arguments see pages 6-7, filed 2/28/2006, with respect to claims 11-15, and 17-24 have been fully considered and are persuasive.

Allowable Subject Matter

2. Claims 11-15, and 17-24 are allowed.
3. The following is a statement of reasons for the indication of allowable subject matter: Claims 11,15,17 and 21 of the current application are allowed for the reasons pointed out by Applicant's remarks page 10-11. Prior art references fail to regard a pixel of a predetermined threshold or less as a monochromatic pixel in color low resolution image data and to mask the pixel with white and replace the pixel with monochromatic high resolution data. This method has advantages in that the file size decreases and the processing time for generating a file is the same or shorter.
4. It follows that dependent claims 12-14, 18-20 and 22-24, are inherently allowable for depending on an allowable base claim.
